

Supported by
Ministry of Coal, Govt. of India

2nd Annual international conference
on

Supply, World trends, Pricing, Policy, Import, Logistics, Equipment, Technology & Divestment in the Indian coal sector

India Coal 2010

Theme: Towards power, productivity, technology & resource enhancement

16th July 2010, Sheraton New Delhi Hotel, Saket, New Delhi, India

Register now

Key issues of concern

- Efficiency in Indian coal sector (domestic vs global)
- Factors driving the coal industry's performance
- Emerging opportunities in the coal sector
- Coal demand and availability (current & future)
- Emerging technologies for producing - Energy efficient low emission coal
- Importance of Coal Washeries

Technical sessions

- Coal sector: India & International perspective
- Meeting the supply & demand of coal
- Operational efficiency & modernization in coal mining
- Coal – Reliable & secured source of energy
- Environmental & policy issues - Coal mining
- Role of technology in coal sector

Current Indian coal scenario

The Indian coal industry is the fourth largest in terms of coal reserves and third largest in terms of coal production in the world. But despite its huge resource base, till date, India has not been able to minimize its coal deficit.

Coal accounts for about 70% of total electricity generation in India and is likely to remain a key energy source for at least the next 30-40 years. A significant growth in India's coal use is predicted in consonance with the country's continued development. Such an increase must occur through environmentally and socially sustainable development of this sector. The main challenges to such a transition pertain to (a) high demand for coal in the power sector, which would speed up coal exploration and extraction, and (b) current and past socio-environmental concerns. Areas that need particular attention include managing the demand for coal, strengthening data collection and analysis, developing a technology and policy roadmap for efficient extraction, along with a visioning exercise, and (d) better resettlement & rehabilitation and environmental impact assessment policies.

Key findings

- Coal requirement for the power utilities to grow at a CAGR of around 10% during 2007-08 to 2011-12.
- Private coal washeries have rapidly increased the production of washed non-coking coal in India.
- High coking coal demand by the Indian steel industry and low reserve base has boosted the import of coking coals.
- Coal demand from the Indian cement industry looks bright and it is expected that coal requirement by the industry will rise steadily from 2007-08 to 2011-12.
- Coking coal requirement in steel production is expected to touch over 85.34 Million Metric Tons in 2011-12.

India Coal 2010 Conference

Founded in the year 2009, **India Coal** an annual International conference is organized by **ASAPP Media Information Group**, the publishers of **INFRASTRUCTURE TODAY**, India's Premier Magazine for Nation Builders, in its 2nd year is an initiative to create a platform for Industry leaders, academicians, researchers, decision makers from government representing the different countries in this region and Industry players to come and interact, share their experiences and provide expertise to overcome the regional and operational challenges faced by the Coal sector.

The 1st **India Coal 2009** conference was held in New Delhi 2009 and received an overwhelming response consisting of senior government officials and senior decision makers from across industry sectors. The conference through its technical sessions will focus and deliberate on **supply, world trends, pricing, policy, import, logistics, equipment, technology & divestment in the Indian coal sector.**

Theme of India Coal 2010 Conference

Towards power, productivity, technology & resource enhancement.

Confirmed speakers of India Coal 2010 Conference

- **Mr. A.K Singh**, CMD – CMPDI
- **Mr. Arun Kumar**, Executive Director PCRA & Secretary OIDB Petroleum Conservation Research association
- **Dr. R.K Sachdev**, Former Advisor (Coal) – Govt. of India & President – Coal Preparation Society of India
- **Mr. S.K Chowdhary**, President, India Coal Forum & Former Chairman – Coal India Ltd
- **Mr. Pritpal Singh Bami**, Former CMD – NTPC & President – India Energy Forum
- **Mr. J K Kamyotra**, Member Secretary- Central Pollution Control Board (CPCB)
- **S Murari**, Non Executive Director – Coal India Ltd & Director - Gujarat NRE Mineral Resources Ltd
- **Mr. Chhitiz Kumar**, Vice President - GE Capital
- **Mr. D.P Deshpande**, Chief (Coke, Sinter & Iron) – TATA Steel
- **Mr. D.N Prasad**, Director Technical, Coal – Ministry of Coal
- **Mr. Rajesh Nath**, Managing Director - VDMA
- **Mr. N Suresh**, Sr Vice President – Karaikal Port
- **Mr. R B Mathur**, President – Coal – JSW Energy Ltd
- **Mr. K Ranganath**, CMD – KIOCL
- **Dr. P K Sishodiya**, Director – National Institute of Miners Health (Ministry of Mines)
- **Mr. Kameswara Rao**, Industry Leader - Energy, Utilities, and Mining - PricewaterhouseCoopers
- **Dr. Ritu Mathur**, Associate Director – TERI
- **Mr. K K Sharma**, Executive Director – NTPC
- **Mr. V K Singh**, President - Reliance Coal Resources Pvt Ltd & Former CMD – Northern Coalfields Ltd
- **Dr. S. Seetharamu**, Associate Director, Materials Technology Division - Central Power Research Institute
- **Mr. Gautam Dhar**, CGM (Corporate Planning) – Coal India Ltd
- **Mr. James O'Connell**, Managing Editor – International Coal – Platts – McGraw-Hill- companies

Technical sessions

Theme Session

- **Indian perspective:** Analyzing the changing economic climate and its implications on coal markets for meeting India's demand for coal
- Energy conservation initiatives in Indian coal sector
- **International perspective of coal sector**

Meeting the supply & demand of coal

- Acquiring Coal Assets Abroad – Key for meeting Indian coal demand
- Role of Coal India in increased coal production for meeting the burgeoning demand & supply of coal - Issues & Challenges
- Captive Mining Blocks/ Captive Coal Mining
- Ports perspective: strengthening of logistics, supply security & managing freight market challenges in coal distribution

Operational efficiency & modernization in coal mining

- Safe mines and healthy miners: Emerging occupational health issues in coal mining
- Opencast coal mining: Challenges and innovative solutions
- Issues, bottlenecks, challenges & solutions in the

Indian coal sector with respect to supply deficit, management of quality, safety and productivity in coal sector

Coal – Reliable & secured source of energy

- Role of coal in India's power capacity plans
- Advantage - Coal based power generation
- Strategies for energy security through coal
- Steel market's revival and its impact on the supply of coal

Environmental & policy issues - Coal mining

- Environmental issues & regulations related to coal mines
- Development, economic policies & regulatory issues in the Indian coal sector
- Sustainability of Coal Sector - Carbon footprint, ecological footprint, methane emission & mitigation
- Private sector participations in coal industry

Role of technology in coal sector

- Role of various technologies for sustainability of coal – Latest trends, issues & challenges
- German technology in mining sector and relevance for Indian mining
- Low carbon technologies – Coal
- Washed and blended coal – key to power plant performance

Key conference deliverables

- Listen to major coal producers on how they plan to fulfill the ever increasing demand for coal
Hear actual consumers talking about their increased requirements
- Be informed about coal imports and their importance for bridging the supply demand gap.
- Understand future demand trends of steel, cement
- Meet the buyers, sellers, processors and key industry stakeholders and network with potential business partners
- Drive your strategies for 2010 and beyond by getting the latest market outlook straight from the top buyers and sellers
- Get projections on coal pricing, and examine how

key market drivers like freight rates can be managed for optimum risk management

- Understand how the changing economic climate impacts on coal consumption, production as well as pricing
- Get perspectives from major coal buyers as they share procurement challenges and strategies
- Evaluate world energy, steel markets, cement markets and their impact on coal economics
- Learn the latest developments on infrastructure for transporting coal
- Explore the technological advancement and latest mining equipment for quality coal production

Delegate profile

Delegates of the 2nd annual international India Coal 2010 conference consists of all the stakeholders representing the coal sector:

- Coal producers, exporters, coal brokers, traders, importers, sales organizations
- Metal and steel producers consuming coal
- Power companies raw materials procurement & investment departments
- Cement manufacturers
- Equipment manufacturers
- Logistics and shipping providers for the industry
- Rail & road service providers
- Technology providers
- Financial services professionals
- Government and regulatory bodies
- Industry associations/institutions
- Coal consultants and R & D professionals
- Law firms
- Environmental awareness bodies
- Alternative sources of energy provider
- Risk managers
- Commodity surveyors

Conference organiser

ASAPP Media Information Group

ASAPP Media Information Group is a global information network in infrastructure construction and reality sector. We foster the growing network of those having interest in infrastructure, construction, reality sector and encourage the exchange of scientific, technical, commercial experts' advice and knowledge. Our commitment towards this sector is to provide a platform to all stakeholders like government agencies, policy makers, users, technology developers and service providers of infrastructure, construction and reality sector community to discuss, deliberate, exchange, share knowledge and experiences in this field and collaborate for the benefit of all through our key platforms:

Print publications

Infrastructure Today, Construction World, Power Today, Equipment India, CW Interiors, Projects Info, Construction Tenders & Project Reporter

Industry portal - www.ASAPPmedia.com

Education and Research

The organisation's foray into research and education is through its FOUNDATION OF INFRASTRUCTURE RESEARCH STUDIES TRAINING (FIRST).

Awards

4th CW Architect and Builders Awards...20th August 2010

8th CW Annual Awards...22nd October, 2010 KPMG Infrastructure Today Awards...December 2010

National & International Conferences

Infrastructure Today Conference, India Roads conference, India Coal conference, Equipment India conference, Power Today conference, Oil & Gas conference and many more...

Delegate fees

- For 1 or 2 delegate/s : Rs 10000/- + 10.30% Service Tax (Per Person)
- For 3 or 4 delegates : Rs 9000/- + 10.30% Service Tax (Per Person) - at a discount 10%
- For 5 or 7 delegates : Rs 8500/- + 10.30% Service Tax (Per Person) - at a discount 15%
- For 8 or more delegates : Contact Mr. Asif Sayed / Mr Shrikant S.
- Note: Special fee : Rs. 5000 + 10.30% Service Tax (Per Person) from government bodies, PSUs, research & academic institutes

Delegates	From private companies in India (Fees in INR)	From government / PSU / academic / Research organisation in India	From overseas (Fees in USD)
1 or 2 delegates	Rs 10000/- + 10.30% Service Tax (Per Person)	Rs. 5,000/- + 10.30% service tax (Per Person)	\$250 per person
3 or 4 delegates	Rs 9000/- + 10.30% Service Tax (Per Person) -at a discount 10%		
5 or 7 delegates	Rs 8500/- + 10.30% Service Tax (Per Person) -at a discount 15%		
8 or more persons	Contact Mr. Asif Sayed / Mr Shrikant S		

Registration fee includes

Delegate registration fee include and entitles the delegate to attend the:

- Inaugural session • Technical sessions • Valedictory session • Lunch and tea / coffee
- Literature kit containing programme schedule, Abstract volume, full paper CD

Authorised Signature &
Company Stamp

Terms and Conditions:

- Registration form has to be duly filled and signed by authorized person with company stamp along with delegate registration fee. Admission to the conference can not be guaranteed if payment has not been received by ASAPP Media Pvt. Ltd.
- In case delegate is unable to attend due to some reason, she/he may send his substitute to attend the conference without any extra charge & must inform the organizers in change of name
In case of cancellations, delegate fee would be refunded after deducting 50% administration fee as per the following details:
 - 50% of the delegate fee would be refunded where cancellations are received prior to 2 weeks of the Conference
 - 25% of the delegate fee would be refunded where cancellations are received prior to 1 week of the Conference
 In the form of Credit Note which can be used to attend our future conferences organized by ASAPP Media for a period of six months. No refund of delegate fee will be entertained within one week of the conference.
- The Delegate fee is exclusive of all taxes. Fee includes Lunch, refreshments & complete set of documentations. It does not include the cost of travel & accommodation
- On receiving the invoice, kindly process the delegate fee within 7 working days

Payment details

Cheque / Draft payments in favour of Asapp Media Pvt. Ltd. payable at Mumbai, India

DD/Cheque No..... for Rs

Drawn on..... Dated

Wire transfer payments
